Subject: Leverett Spencer House

Dear Bill Warner:

Please accept this letter of support for the plan put forth by the Friends of the Cove to move the Leverett Spencer House.

Our family moved to one of the Lake Avenue Worker's Housing (1875) homes in 1979. We moved to the Orlando Burr House (1882) on Maple Avenue in 1986. We deeply appreciate this vintage of antique house and its place in history.

It would be a real shame to lose this opportunity to save a piece of this rich history.
It would be a real shame to lose this opportunity to move forward with the Cove.

Thank you,

Mark Stephens and Gail Christie
