**Subject:** letter regarding moving the Leverett Spencer House

April 21, 2021

Dear First Selectman McGarry,  
Town Planner Warner, and  
Haddam Planning and Zoning Commission members:

I am writing to you in support of the efforts to save the Leverett Spencer House – a good reminder of Higganum’s industrial past – and to further efforts to improve the Town’s Higganum Cove site so that it can be used more successfully for outdoor education and recreation by the townspeople of Haddam and visitors to our area.

There is much history to be recognized in our town, a town that attracts people to celebrate the past as well as to enjoy our natural as well as man-transformed environment.

I believe this is a good opportunity for the Town to focus on the future while preserving important memories of our past. The Friends of the Cove have suggested relocation of a part of our history, to be moved from Dublin Hill Road so that it will be saved. At the same time, the building could be a useful accessory to plans for Higganum Village as a focal point for planned outdoor activities.

Please consider providing the opportunity to relocate the Spencer House to the Higganum Cove area.

Sincerely,

Matjorie W. DeBold  
372 Saybrook Rd.  
Higganum, CT 06441

Dear Mr. Warner -

I am writing in support of the plan of the Friends of the Cove to move the Leverett Spencer House to Higganum Cove to repurpose it as a town resource. It is a beautiful and historic house and adds to the touristic attractiveness of Higganum and Haddam, as well as to the quality of life in Haddam for its own residents. I would be willing to donate at least \$1,000 of my personal funds towards the achievement of this project. I know that is a drop in the bucket of the funds that would be required, but it is something.

Once a house like this is demolished, it is gone forever. This building tells a story that the residents of today stand on. It enhances the beauty and sense of place of the Town of Haddam. The plan to repurpose it is well thought-through and would be an ideal adaptive reuse of this lovely building. I hope that you, as the Town Planner, will support this project and help ensure the historic legacy of the Town of Haddam and the village of Higganum.

Sincerely, Katherine Schoonover
