ADDITIONAL CHANGES AT TRANSFER STATION

Beginning Wednesday, March 25th, 2020, the Transfer Station will be accepting household garbage only. **At this time, we have no plans to close the transfer station.** We know disposing household waste is essential for your health and sanitation.

We're only taking this measure to reduce the backup and number of people at the Transfer Station during its operation.

Thank you for your understanding and cooperation during this difficult time.

Respectfully,

Christopher R. Corsa
Assistant Director
Haddam Public Works
Town of Haddam
