

Prevaccination Checklist for COVID-19 Vaccination

For vaccine recipients:

The following questions will help us determine if there is any reason you should not get the COVID-19 vaccine today. If you answer "yes" to any question, it does not necessarily mean you should not be vaccinated. It just means additional questions may be asked. If a question is not clear, please ask your healthcare provider to explain it.

Adapted with appreciation from the Immunization Action Coalition (IAC) screening checklists

I have read or had explained to me the 2020-2021 Vaccine Information Statement for the COVID-19 vaccine and understand the risks and benefits. Furthermore, I have also had an opportunity to ask questions about these immunizations. I believe the benefits outweigh the risks and I voluntarily assume full responsibility for any reactions that may result from either my receipt of the immunization(s) or the receipt of the immunizations(s) by the person named below for whom I am the legal guardian ("Ward"). My medical record may be shared with my physician or other healthcare provider and the medical record of my Ward may be shared with his/her physician or other healthcare provider. I am requesting that the immunization(s) be given to me or my Ward. I, for myself and on behalf of my Ward and each of our respective heirs, executors, personal representatives and assigns, hereby release the provisioning mass vaccination center, and its affiliates, subsidiaries, divisions, directors, contractors, agents and employees (collectively "Released Parties"), from any and all claims arising out of, in connection with or in any way related to my receipt and the receipt of my Ward of this or these immunization(s). Neither the provisioning mass vaccination center nor any of the Released Parties shall, at any time or to any extent whatsoever, be liable, responsible or in any way accountable for any loss, injury, death or damage suffered or sustained by any person at any time in connection with or as a result of this vaccine program or the administration of the vaccines described above. The provisioning vaccination center will use and disclose your personal and health information or the personal and health information of your Ward, to treat you or your Ward, to receive payment of the care we provide, and for other healthcare operations. Healthcare operations generally include those activities we perform to improve the quality of care. We have prepared a detailed NOTICE OF PRIVACY PRACTICES to help you better understand our policies in regard to you and your Ward's personal health information.
