As I write this article spring is beginning to creep back into our lives. Daylight Saving Time has returned. It's light enough to be working outside in the early evening, the temperature is moving up, heating bills are dropping, and flowers are starting to bloom. Granted the winter was mild, but it's nice to have it behind us.

As I'm sure you know, the referendum to sell part of the Rossi property failed. (More accurately, it crashed and burned.) Bill Warner and I had a meeting the week after the vote with the Connecticut Department of Economic and Community Development to try to salvage the \$1.5 million grant they offered us to cover the environmental remediation. While they are adamant we have to have a developer partnering with us on the project, they did agree to giving us a 6-month extension on the deadline to find one. We now have until the end of September to do that. More to follow.

Recently, there has been a lot of misinformation on Face Book (surprising, I know) about asbestos in the Scovil Hoe buildings. Hopefully, that has been put to bed by the time this article is published. We hired VHB, an engineering firm, to develop a plan to remediate the environmental hazards on the site. In 2001 EnviroMed and in 2018 Fuss and O'Neill, studied the environmental issues in the Scovil Hoe buildings. The studies are on our website.

Because the state still owned the buildings, the studies at that time were limited to what was accessible without damaging the buildings. In 2023 VHB and their subconsultant Eagle Environmental reviewed those studies and performed additional sampling and semi-destructive inspections, i.e. making holes in walls and ceilings, to inspect for hidden materials. This recent inspection didn't find any additional asbestos containing material in the buildings beyond what the earlier reports documented. None of the attic insulation or pipe insulation was found to contain asbestos.

HAS THE STATUS OF YOUR MOTOR VEHICLE CHANGED?

Was it sold, totaled, moved out of state, junked or donated? The Department of Motor Vehicles (DMV) does not notify the Assessor's Office of any motor vehicle changes or change of address. This will ensure that you receive any credit that may be due. All documentation must be dated and include the vehicle identification number (VIN).

Please Note: IF YOU TRANSFERRED YOUR REGISTRATION PLATE TO ANOTHER VEHICLE YOU DO NOT NEED TO DO ANYTHING. As long as you transfer the plate you will receive credit for the old vehicle when you are billed for the new vehicle.

TWO FORMS OF PROOF ARE REQUIRED TO REMOVE OR PRORATE A VEHICLE:

It is important that when you change your address with the DMV that you change BOTH your driver's license AND your motor vehicle registration. If you receive a tax bill for a vehicle you no longer have in your possession do not ignore it. Please call our office at 860-345-8531 with any questions.

REPORTING ADDRESS CHANGES IS CRUCIAL!!

It is imperative that you report any change of mailing address to the Assessor's Office. The mailing address on the Assessor's records is what is used for all tax bills and other correspondence such as assessment information, assessment appeals information, etc. Not only is this information used by the tax collector by it is used by the land use office, building department, selectman's office and other departments.

We have come across many circumstances where the mailing address on record has been incorrect. These incorrect addresses result in interest penalties and other charges imposed by the Tax Collector's Office due to the claim that no tax bill was received. Non-receipt of a tax bill does not negate your liability to pay the bill including any interest or penalties. Therefore, we are trying to spare

If you move you must, by law, report your change of address to the DMV. You must be sure that the tax town code is changed. This will

our residents any problems which may arise from an incorrect mailing address.

Remember, if you move, your mail is only forwarded by the post office for 6 months. In some cases, because the tax bills aren't generated until the following July, your forwarding address has expired leaving the Tax Collector with no current address. According to Connecticut General State Statute we are only obligated to send it to the latest known address. Unfortunately, an incorrect address does not eliminate your liability to pay the bill, including all interest and penalties.

If you elect to receive your mail via a post office box, please note that we are unable to access that information through the post office or any other means, so PLEASE inform our office immediately of any change of that type.

Another important point regarding mail-ing addresses is that if your taxes are paid by your mortgage company we may not have

your current mailing address because the bill is forwarded to them for the life of the mortgage. While this may not affect your tax bill during the mortgage period once the mortgage is paid off or ended we may not have your proper address if we are not notified of any change. In addition, it will affect any other correspondence directed to you.

If you are unsure of your current mailing address, you may call the Assessor's Office to verify the address that we have on file.

Updates from the Tax Office

MOTOR VEHICLE TAXES & CLEARANCE

What happens if your Motor Vehicle taxes become delinquent?

If you owe delinquent property taxes on any vehicle in your name, you may not renew any registrations at the Department of Motor Vehicles without paying your taxes first. All delinquent Motor Vehicle tax bills are reported to the DMV which then denies subsequent registration of any vehicle in that name.

ALL open motor vehicle tax bills with your name on them must be paid in full.

Payment options:

- **In person payments** by Cash or Credit Card can be made for immediate DMV clearance.
- **Online payments** through the Town of Haddam website – please call the Tax Office and let us know if you require a clearance for DMV. The online system does not automatically trigger a clearance.

- **Payments made by personal check,** clearance will be given after ten business days (2 weeks).

If you have prior year bills, you will need to contact us directly to make arrangements for payment. All money collected must be applied to the oldest bills first.

After the tax office sends the taxpayer a Demand for Motor Vehicle taxes, if taxes have not been paid by the Demand due date, the accounts will be sent to the Collection Agency where in addition to the taxes due, a 15% fee will be charged by the agency.

If you have sold a vehicle or cancelled a registration, please give our office a call. DMV does not notify us of such changes. You could continue to receive a tax bill for a vehicle you no longer own. The sooner we can address the issue the better.

If you have a new mailing address, let us know. DMV does not tell us if you moved. We cannot forgive interest because you

did not receive a bill. Motor Vehicle bills can only be adjusted for a short time after they become due. Please do not ignore these bills. They will not go away and could cause you trouble in the future.

Before you go to DMV you can now verify your tax status and other compliance issues with DMV online, 24 hours a day, 7 days a week. Go to CT.GOV and search Compliance Issues.

Please make your check payable to:

"Town of Haddam" and mail your payments directly to the office at: 30 Field Park Drive, Haddam CT 06438.

Haddam Social Services

The mission of Haddam Social Services is to enhance and improve the quality of life among our town's people and the self-sufficiency of those in need of social services. We provide advocacy, leadership, and planning while fostering independence among our most vulnerable population. Through statewide and local services, the social service department will guide individuals and families through their needs.

OUR SERVICES

There are several services we offer including the Emergency Fuel Bank, Food Bank, Diaper Bank and the Community Clothing Closet. We assist individuals with paperwork and applications related to these services, for example, assistance through the state and local programs of Operation Fuel and Community Renewal team (CRT). We also provide items related to basic needs.

The Haddam Emergency Food Bank offers a varied supply of nonperishable food items, seasonal produce (from our local garden share program & giving garden) along with personal hygiene products, paper goods and, when available, cat and dog food.

The Haddam Extension Center Help is available to new and existing clients in the Haddam, Higganum and Haddam Neck area. Arrangements are generally made for the items to be picked up at Haddam Social Services office during regular office hours. Other arrangements can be made as needed.

FOOD BASKETS

At Thanksgiving and again at Christmas, we provide holiday food baskets to families in need. We had many basket donations from Valley Bible and the Haddam / Higganum United Church to name a couple. We start with clients from our Food Bank list and referrals are also taken from schools, churches, families, friends, and sometimes, directly from the person in need. This past Christmas we partnered with the Haddam Lions Club who provided even more fresh produce and delivery of the baskets. This spring we are happy to be partnering with the Knights of Columbus for the first time to offer Easter Baskets.

The Haddam Emergency Fuel Bank is a local program designed to assist those in meeting their heating needs when all other sources of aid have been exhausted. The fuel bank runs year-round and is awarded as a one-time grant per calendar year and per individual or household within Haddam, Higganum or Haddam Neck. We offer financial assistance to help pay an electric bill or towards the delivery of propane, home heating fuel, or wood. During the year 2023 we assisted 37 homes with the fuel bank.

Brainerd Memorial Library Looks Forward to Spring!

As most of the cold weather subsides, and our thoughts drift to warm sunny days and sprouting flowers, BML staff would like to tell the community what we've been planning and implementing over the winter.

In the spirit of spring time and planting season, BML has once again brought its **little seed library catalog** down from the attic. We are expecting a large collection of seeds in the coming weeks. So, snap up a packet when you visit or donate some from your garden!

CHILDREN

We'd like to congratulate the Children's Department on their most

successful "Take Your Child to the Library Day" ever! They had 170 attendees at their Mario themed event and enjoyed the Saturday with everyone immensely.

On March 8, we held the "Prom Dress Party" developed by Julie Wessinger of the Haddam Killingworth Intermediate School. She organized the donations and pickups of gently used dresses and planned the party which was hosted by the Library this year. The Friends of the Library happily provided items for baskets, and baked goods, while staff was prepared to be on hand to help.

In April, BML will participate once again in the state-wide **Passport to Libraries** program. Each library in the program distributes "passports" which are stamped by every library a patron visits. The passports are then turned in and 4 \$200 gift cards are awarded. Each library typically presents the visitors with a small token.

In more news from Children's - they are setting up their "1000 Books Before Kindergarten" program, which is a successful project held nationwide that encourages parents and children to read. Stop in during their story or music times on Tuesdays and Thursdays at 10:00 am to find out more...

YOUNG ADULT

Now that we've described all the great things Children's has been up to - we'd like to crow about how our teen librarian is rockin' the Young Adult, YA in library-speak, Department.

YA has programs like: Movie Night and Anime and Art Clubs, Pokémon, Game Nights, Tween Night, and the Teen Advisory Board, as well as taste testing fun and special gaming events. They are working on some cooking programs and are never short of ideas. Pick up a calendar in Children's or check the website calendar.

The Friends are happy to extend their free children's and teens book bundles located in the entry and teen room. DVDs are also available.

ADULT

BML was pleased to once again partner with Senior and Social Services to host the very well attended **Friday yoga classes** in February and March.

Dedicated crafters and cooking enthusiasts are welcome to attend our **Crafting Connection** and **Culinary Club** nights the second Monday and Wednesday of the month.

The **Brainerd Book Club**, run by a dedicated patron group, meets on the 4th Wednesday of the month, at 6:30 pm. Their book list is on the website.

In June, the Friends and staff will once again have a presence at the **Farmers' Market**. Stop by to see what's happening at the library, pick up free items like children's crafts, books, and media!

Looking for a new title or author?

Pick up a free copy of **Booklist Reader** every month!

Reminder

We have Techies willing to help you with your devices, document formatting, or other software or computer questions. Call or email us for an appointment or ask when you're here.

Besides traditional media – books, films, and music we offer board games, computer games, museum passes, magazines, and Wi-Fi hot spots to borrow.

In the meantime, the library has feverishly been preparing for the anticipated **Phase II Renovations**. That is why you'll notice many books are being removed to go into storage or be replaced by newer, updated titles and materials. There will be a formal announcement about the renovations soon.

The Friends Book Nook is also in the process of being disassembled for storage and small displays during renovations. When the bookstore returns in its new space, it will have a more thoroughly curated inventory offering more appeal with the same or better quality items. The Nook won't be packed away entirely, but will be housed on the lower level in bookcases and displays carrying: fiction, trade, 5x7 sized, paperbacks, children's, and special non-fiction titles. Our pop-up sales will continue during the months of fine weather. We promise you will still find something you like at the best prices in the State!

Finally, the **Library Board** reminds everyone that we still have some commemorative bricks available in the 4x8 and 8x8 sizes to engrave and install. Details are on the website or at the library circulation desk.

CT River Area Health District Ticks - A Year-Round Nuisance

Ticks in our area of CT have become a year-round nuisance. There are many tick species that are found in Connecticut. The tick that transmits Lyme disease is called a deer tick. For detailed information concerning this and other tick species, please visit our website at: www.crahd.info.

Quickly finding and removing ticks from the body is a crucial step in preventing infection with tick-borne diseases. **Tweezers are the best method to remove ticks.** Contrary to widespread belief, smothering ticks with petroleum jelly is not effective. Never use a hot match, gasoline or any other chemical to remove a tick.

The best way to remove a tick:

- Grasp it close to the mouth parts near the skin surface.
- With gentle, steady pressure, pull the tick upward away from the skin until it releases.

Once the tick is removed, wash the area of the bite with an antiseptic or rubbing alcohol.

Symptoms of tick-borne diseases found in Connecticut may all include

a fever and general muscle aches that can occur within 35 days from the time of the bite. If you get any symptoms of Lyme disease, or symptoms of other tick-borne diseases, contact your doctor right away.

The CT River Area Health District (CRAHD) will test ticks
